### **1975 Track & Field Team**

Power Memorial Academy's 1974-1975 track and field and cross-country teams achieved remarkable success. A well-rounded team, their resilience and strong performances led to multiple championship titles during the year.

The cross-country team secured the school's eighth CHSAA Cross-Country City Championship in ten years, a true dynasty. During their season-long performance, they demonstrated gritty determination to overcome adversity, representative of Power Memorial Academy's rich history

In the spring, bolstered by strong field event performances and their ever-present runners, Power captured its first-ever CHSAA Outdoor Track & Field Championship and were victorious at the inaugural New York State Catholic High School Outdoor Track & Field Championships.

With important victories throughout the year, these Panthers also earned Varsity team titles at both the Indoor and Outdoor CHSAA New York Sectional Track & Field Championships. With Distance Medley Relay victories at the Queens-Iona and New York Relays, they narrowly missed winning the "triple crown" in this marquee event.

The 1974-1975 Track & Field team made a mark that inspired future athletes to chase excellence and carry the legacy forward.
