## Seniors

Now we are almost there, but there is still one more bridge to cross, and it is by no means an easy one.

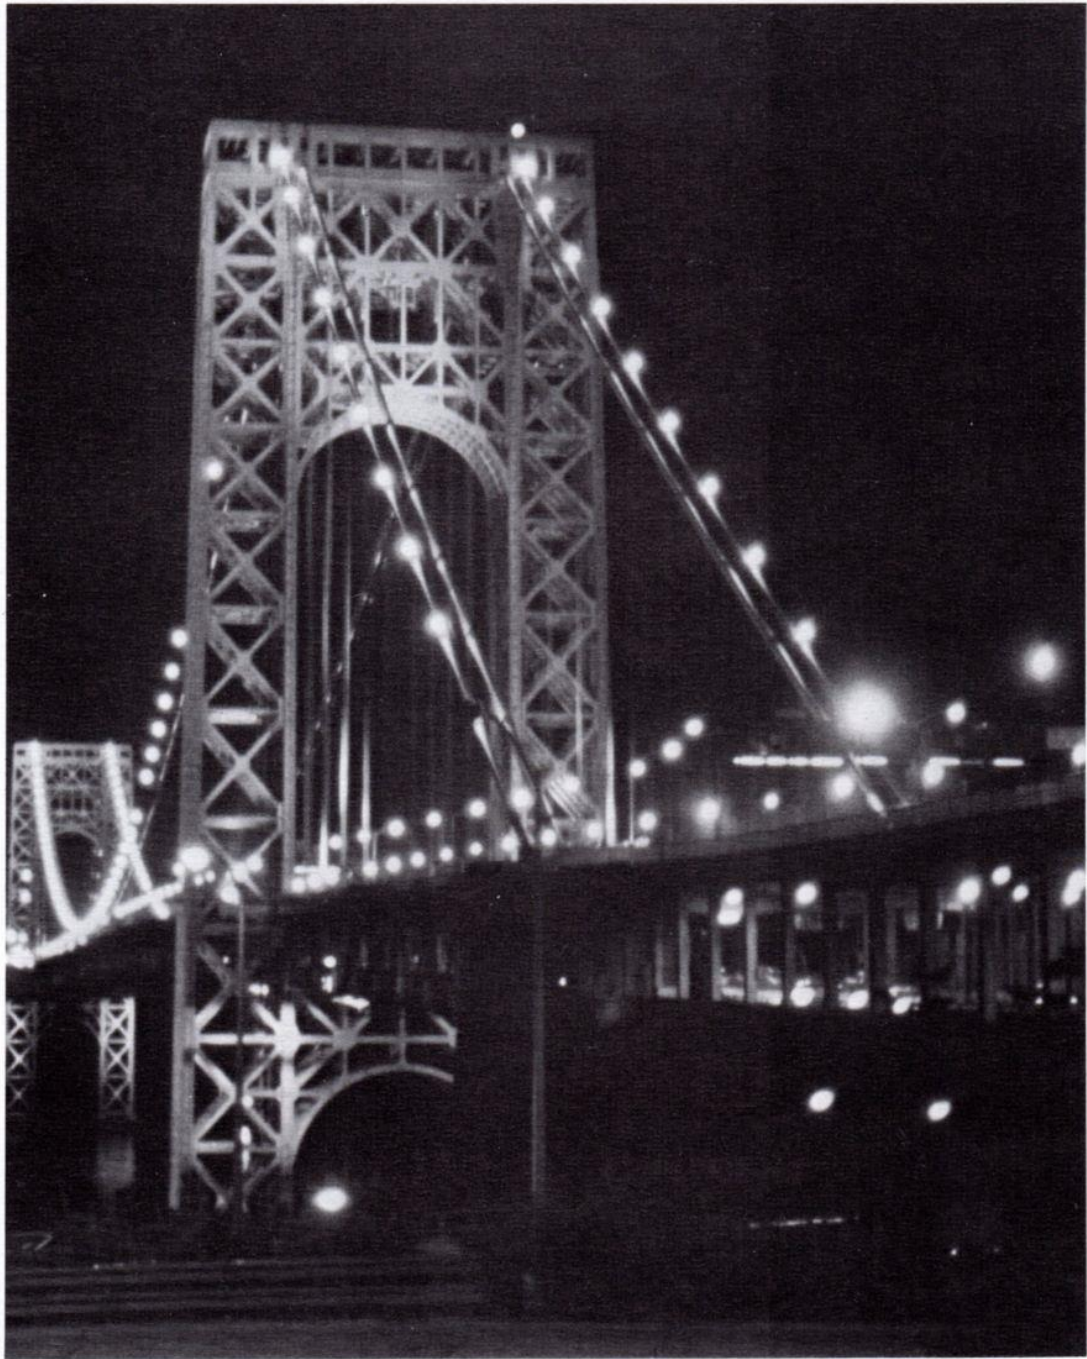

It is over anxiety about the future, the present—even the past.

It is over profound introspection and questioning—was this the right way . . . should I have done this?

It is over sadness; parting with old friends; forsaking a familiar-friendly atmosphere, leaving behind all vestiges of youth. Standing over the threshold of life.

It is a time of joy; entering the long-awaited campus life, in the services, or in business . . . meeting new people, making new friends.

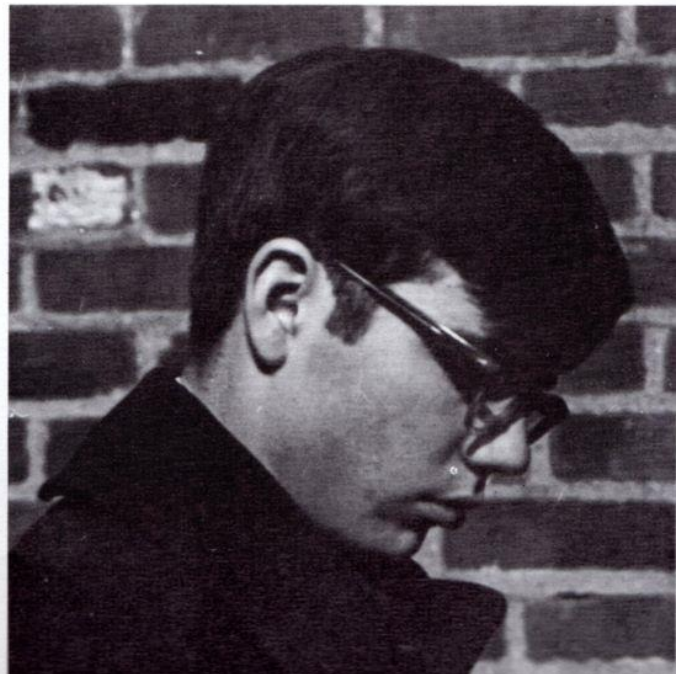

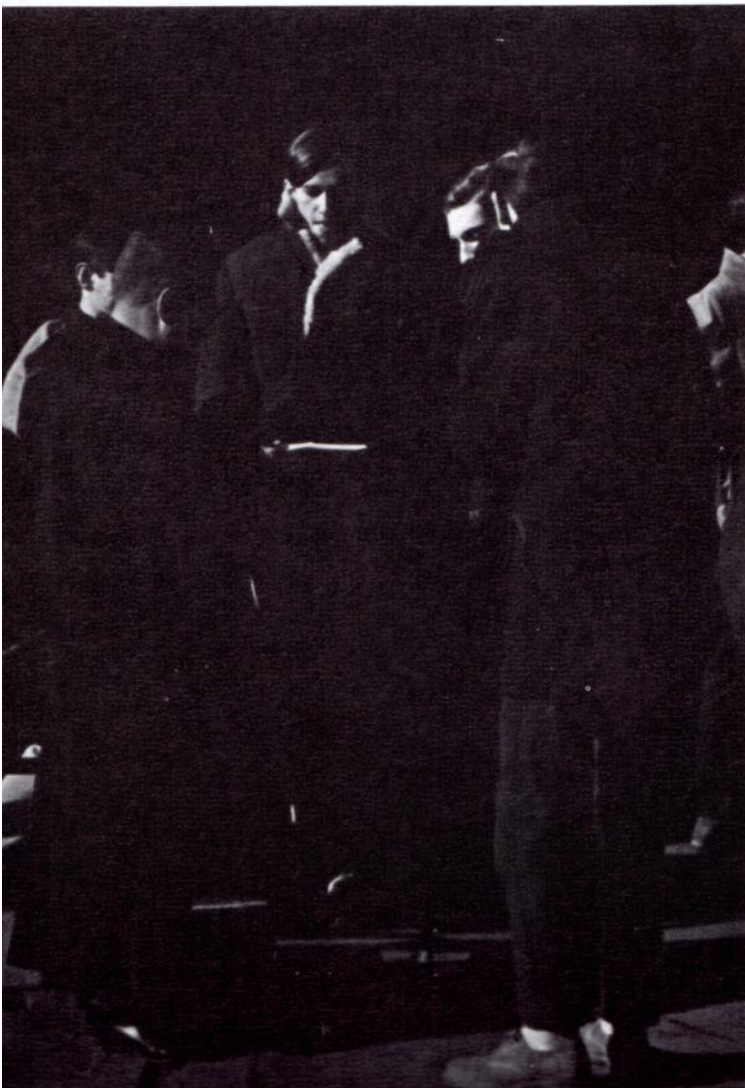

It is a prelude to the future—a future that may be hostile or serene—a prelude, nonetheless.

The Society of Samaritans is an organization at Power Memorial Academy, dedicated to the purpose of aiding students at the Academy who are experiencing difficulties with a particular course which they are studying. The members of the Society are permitted to select a subject which they would like to tutor, and are then assigned a pupil.

The members of the organization generally meet each Thursday morning at 8:00 A.M. in room 307. However, the tutor and his pupil may agree to have additional classes at other times during the week, so as to guarantee that the student maintains a suitable level of academic achievement. Through individual instruction of this type, the members of the Society of Samaritans, as well as its coordinator, Bro. Smith, hope that the student body of Power Memorial Academy will consistently achieve higher levels of academic standing in its future endeavor.

## Student Council

This year's Council was the first to serve under the revised Constitution. The main provisions of this new Constitution resulted in an enlarged Council. The Council was increased from 13 to 39 members and was composed of a General Membership and an Executive Committee.

Under the able leadership of president Richard Cairns the Council worked hard to overcome the problems inherent in the diversity of opinions and problems resulting from the greater participation of the Student Body in the affairs of the Council.

One of the big projects undertaken by the Council this year was the education of the Student Body to the fact that the Student Council is an advisory body and not a legislative body. The purpose of the Council is to provide a channel through which the ideas and wishes of the Student Body could be made known to the Administration and conversely the thoughts of the Administration could be made known to the Student Body.

Any failure of the Council to live up to the wishes of the Student Body can be traced basically to a failure on the part of the Council to put across a true picture of its function in the school.

The Council continued to function as an aid to the Director of Activities in serving as a regulatory body overseeing the Activities Program in the school and running such affairs as the School Outing, the Senior Prom, the Activities Evening, and the Senior-Faculty Basketball Game.

Everything considered the Council has set a standard which future Councils will be hard pressed to surpass.

# National Honor Society

J. Fiederlein, W. Rooney, A. Rakus, E. Flynn

In its years at Power Memorial Academy, the National Honor Society, under the leadership of its moderator, Mr. Douglas Considine, has developed into one of the most important extra-curricular activities in the school. Only upper classmen with high academic standing and personal ratings can become members of this elite corps.

The National Honor Society members of Power Memorial Academy belong to the Rev. Br. J. J. Ryall chapter. Among their duties are tutoring those students who are in need of assistance in certain subject areas; participation in sporting activities; the conscientious seeking of news articles for the school paper; and the presentation of various student petitions to the student council and the academy's administration. This group also desires to set up a vocational information bureau which will provide information to students concerning summer jobs and exciting new careers.

It is hoped that in the coming years, the National Honor Society will grow and will help to strengthen the high standards of conduct and education at Power Memorial Academy.

The Spanish Cultural Society was formed on Nov. 29, 1967, by a group of Spanish students who joined together to better their understanding of Spanish culture. Under the guidance and direction of Brother Binkley and our current president, Gonzalo Rodriguez and his assistant Jose Vega the S.C.S. has tried to create an intimate habitat between the Spanish and Anglo-Saxon Cultures. Our main goal is to unite both culture and customs for a better understanding of the Spanish tradition. This we feel has been accomplished through our various Spanish outings, specially the Spanish dinners and museum visits. Our greatest accomplishment was the publication of a Spanish pamphlet which was written completely by our members.

In the coming year we feel that our goal will be reached when, with the help of exchange students, some of our members will be able to live and experience the Spanish Culture in Mexico.

# CHEMISTRY CLUB

The chemistry club is composed of students who are currently taking or have previously taken chemistry at POWER, and who have shown an interest in the science. The purpose of the club is to provide these students with some additional experience in some areas of chemistry. This year the club was invited to visit the chemistry department of Manhattan College to tour the facilities and meet with some of the professors and students. At occasional meetings, films relating to selected topics in chemistry have been shown.

# Dance Committee

Webster's Third New International Dictionary (unabridged) says this:

1. dance/dan(&)s

1: To perform either alone or with others, a rhythmic and patterned succession of steps usually to music.

2: to move or seem to move nimbly and quickly up and down or about.

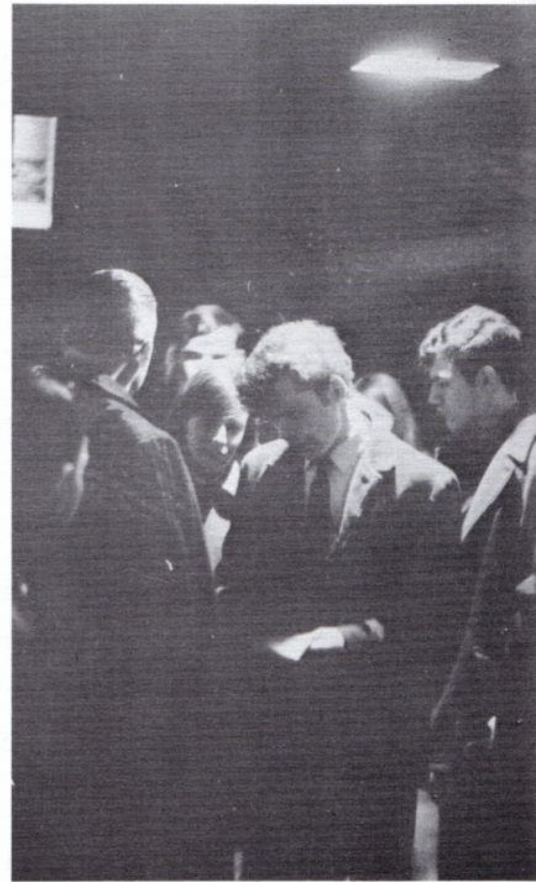

committee/kāma:tē or ka:mi:tē

2a: A body of persons delegated to consider, investigate, or take action upon and usually to report concerning some matter or business.

This is where it's at for the Dance Committee. We are here to see to it that students can perform their rhythmic and patterned succession of steps. We also take on the responsibility of seeing to it that they have music to move, or seem to move nimbly and quickly up and down or about.

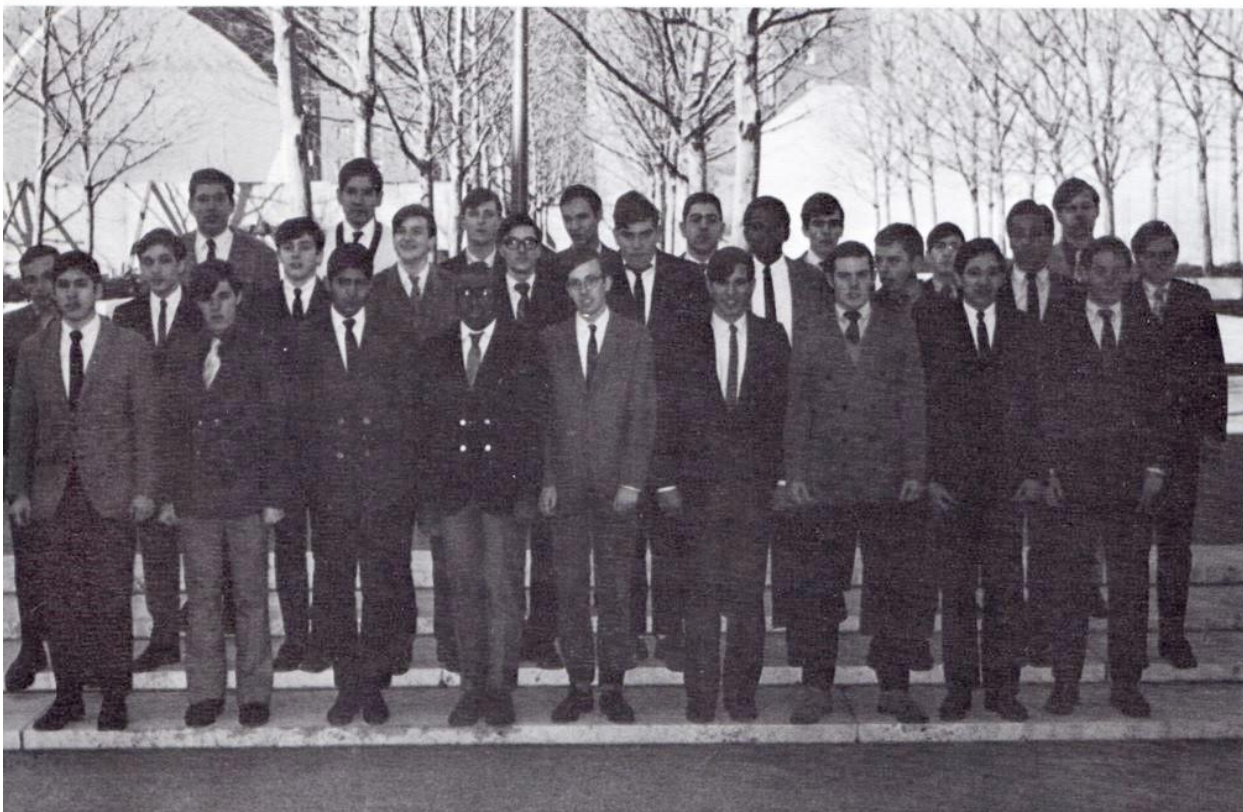

The Dance Committee, tactfully spearheaded by Joseph McDermott and coolly moderated and advised by Brother Stoldt, has 24 members who will collaborate and be willing to sacrifice nearly anything to build up the necessary momentum and excitement which is vital for a successful dance.

Aside from having fun, the committee diligently takes care of things like the back doors, the front door, the sodas, and generally keeps the peace.

The Photography Staff was responsible for the vast majority of the photographs in the POWER '69. The staff members are full time students who give dozens of after-school hours during the year to take hundreds of pictures, involving every aspect of school life. Under the leadership of its editor, Scott Milligan, the Photo Staff devoted many more hours developing and printing all of these pictures, and, of course, they strove for excellence.

This is a yearbook for the students of Power, produced by the students of Power. The reader must be aware of the truly excellent photographs and give just credit. The Photo Staff of '69 has left a truly honest goal of excellence to be followed by the classes in the years to come.

Br. Flynn final editing of *Power '69*

A portrait of deep concentration

What goes into the creation of an annual-unique yearbook? *The Power '69* answers with a dedicated moderator, Bro. J. Flynn, a superb host of able workers and most importantly, time. With these assets, *The Power '69* has presented hopefully if not probably its best book in many years. The staff has had the time—time to layout, to draw, to take pictures and to create masterpieces depicting various "slices of life" and opportunity at Power.

Many thanks to Bro. Flynn who worked the most. And to the staff, they are the most talented of all.

For 1969 we have added more to our endeavor than time, work and mutual cooperation. Being relatively free from any censorship, the staff has added a pinch of boldness here and quite a bit of originality everywhere. With this symphony of intelligence and sometimes humor, we have demonstrated what one school activity can accomplish. To many, *The Power '69* is a tribute to the genius and potential of youth.

For many years now, POWER has enjoyed the comfort of having one of the finest and most experienced chorale conductors in the city of New York. Now in his fifth year as director of the "Powermen's Chorale", Mr. James B. Welch has received nothing but praise and honors. During those five years the Chorale has had the privilege of reigning as the number one high school glee club in the city.

This year we have the pleasure of welcoming Br. M. L. Colasuonno as moderator of the glee club, capably filling the shoes of the former moderators such as Br. Longobardi and Mr. Schminke.

Mr. Welch and Br. Colasuonno have worked diligently to keep the POWER image intact. The repertoire for this year, as in others, is filled with variety. It ranges from pieces such as ones composed by a computer to those written with all the interest and emotion necessary to write a good work of art. The music has ranged from spiritual to opera, from pieces written by Robert J. Frost, J. S. Bach and Verdi.

Power has always participated in numerous and very successful concerts all over the city of New York. This musical year is no exception. For the past two years we have been in concert with the girls choir of Our Lady of Victory High School at Dobbs Ferry. Directed by Mr. Frank Roberts, the girls will be joining us once again in our annual concert at the Philharmonic Hall.

In addition to our final appearance at Lincoln Center, we have five other engagements to tackle. The year of '69 will be marked with the "Powermen's Chorale" being invited to and participating in most of concerts and social affairs than ever before in the history of POWER'S glee club.

# 1969 Power Band

The band is not just a subject nor is it just an activity—it is both. When a music student graduates to concert and marching band he enters a union of subject-activity. Through the work of Mr. Morra, (our director) Brother Coakley (our moderator) and Mr. Ingram many fine players have been formed, marching trophies have been won and excellent concerts have been presented.

This year we marched several times in Yonkers and on Fifth Avenue (N.Y.). We have played for students at assemblies and performed concerts at Power, St. Andrew's School in Flushing and Philharmonic Hall at Lincoln Center. All of them drew much attention and great success. However, this was only possible through many hours of practice.

There is much hard work involved in band and only a love of music can help a student stick with it. Although many complaints are voiced, we still accept the work because inside we know that practice alone will bring success. Moreover, there is always a sense of pride and joy that accompanies a good practice. Mr. Morra, Brother Coakley and Mr. Ingram have a love of music and it is their faith in our ability, their pride in our achievements, that we really appreciate. Our joy springs from these men, our work, and the applause of an audience.

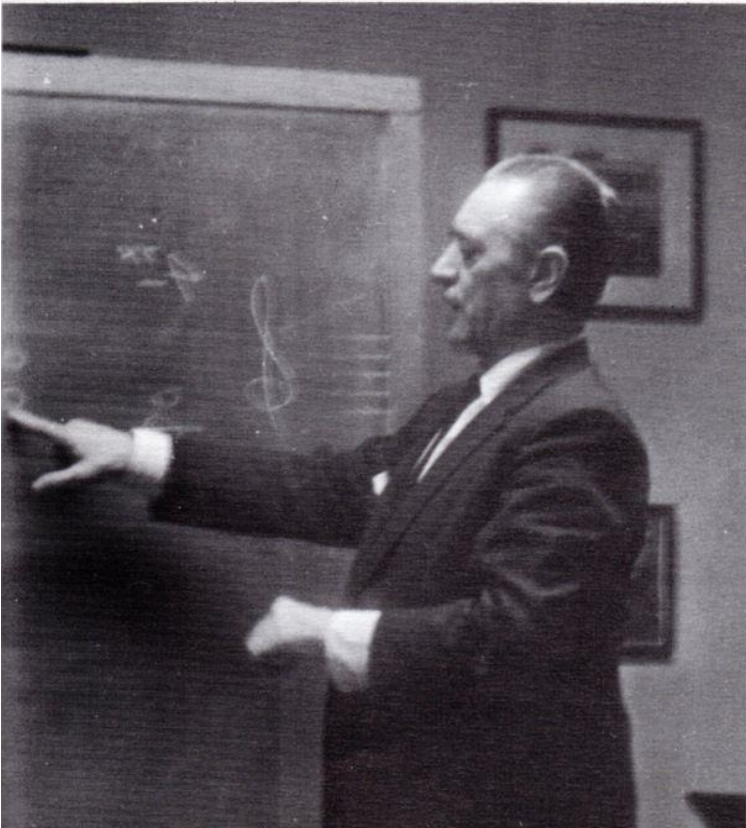

Love is music—music is love. Our band is unique. It has a life and spirit that outreaches the ordinary student-teacher relationship. Whether presenting a concert or parade the band members are always there—proud, cheerful and playing to win.

A vital adjunct to our "Power Family" are the mothers of our students, present and past. Far too often in a family we take our mother for granted. Far too often we overlook their unending task. Theirs is a labor of love, a love for their children, their family. Fortunately for us we have such a dedicated group of women.

Meeting on the second Wednesday of each school year month, these mothers continue their work of dedication for Power Memorial. During their meetings they have Hat Fashion Shows, Wine Tasting Shows and a Christmas Program featuring the Power Memorial Band and Glee Club and the Glee Club of Our Lady of Victory Girls School. In March our annual Communion Breakfast was held in the "Tip Toe Inn" following a ten o'clock Mass in St. Paul The Apostle Church. Mr. Willian Wilson '55, of the Christophers, was the guest speaker. On April 26th, the annual Card Party was held in The Gold Star Gym. The proceeds of the card party were used to purchase band uniforms for the students.

To so many people we owe a tremendous debt of gratitude. Some of our Mothers will soon be joining the ranks of our Alumni parents, for all they have done for us, Thank you. To our mothers whose sons are still in school, thank you for your continued support. Thanks is also due to Father Harton C.S.J. for his untiring effort and to Br. J. W. Noone for all the work he has done as moderator. A word of thanks is due also to the officers of the Mothers Club.

This year, the Father's Club was more successful than previous years. Both dances conducted by the Club were a complete success. With the Power gymnasium flooded with dancers, entertainment and fun still prevailed for all.

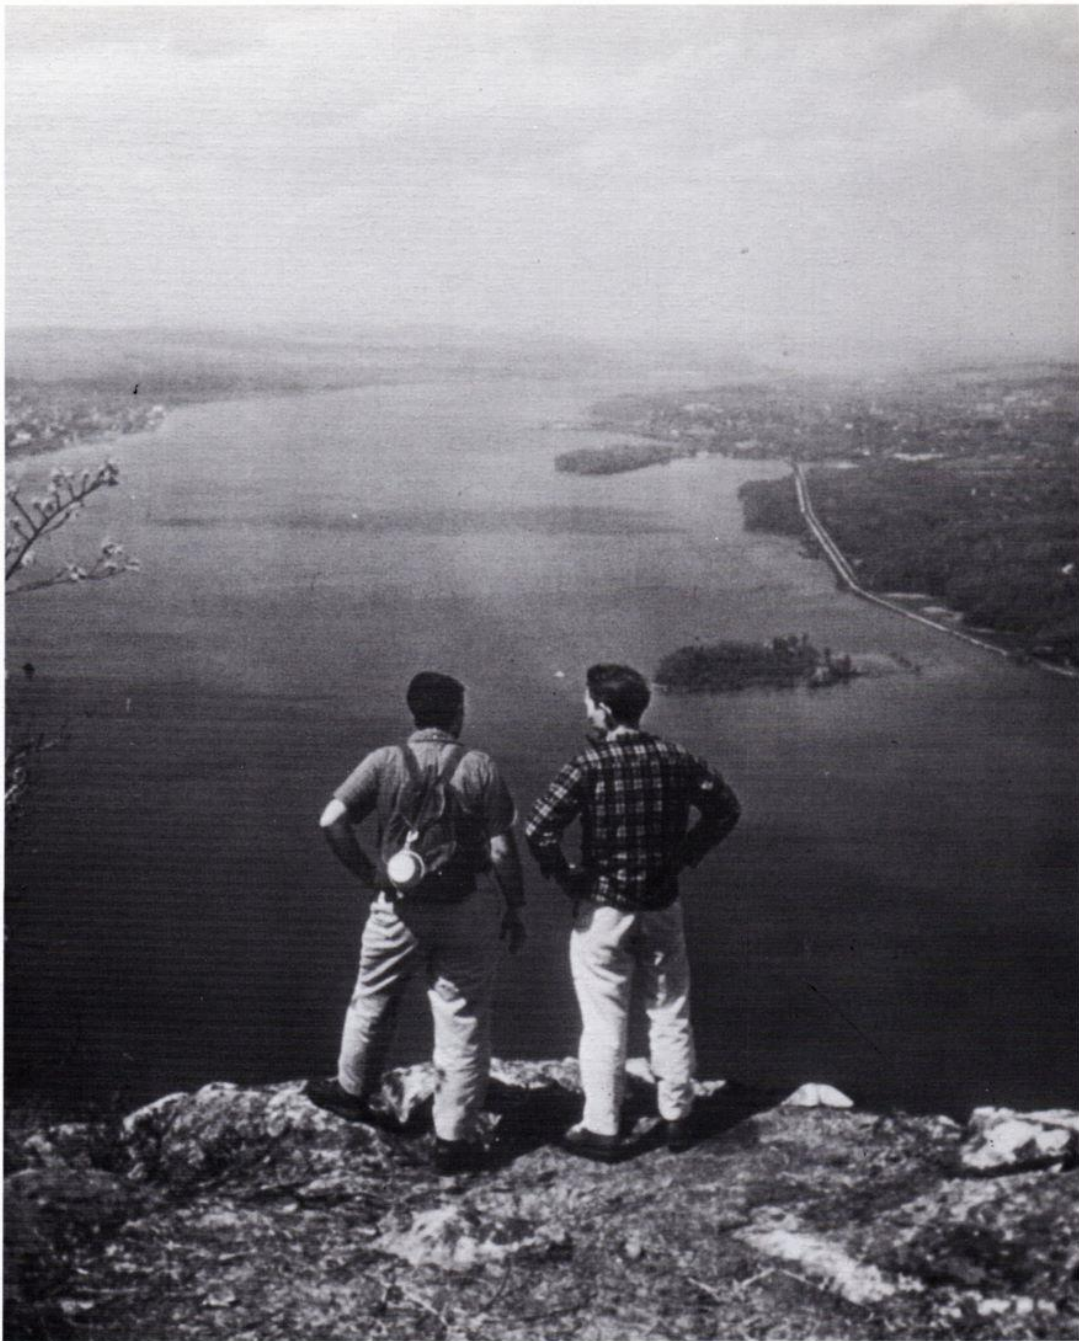

The Super Bowl Raffle conducted during the Winter Ball was probably the most rewarding financially for the school. Also, a new program will be put into effect, a Deceased Father's Tuition Program, will help a student's financial bill while attending Power.

Many thanks to John Scudieri (President), Jim Heaney, Mel Cramer, Joe Donaghy, Whitey Ryan and Florence McCarthy for their many long hours that made the Father's Club a success.

# Varsity "A" Basketball

This year's Power team had the best record since Lew Alcindor left the Academy. The record of 18 wins and 3 losses is impressive, but better things are expected next year. The Panthers had a defensive squad that many college coaches envy; it held the opposition to an average of less than 50 points per game, and twice in the playoffs held the opponent to under forty. The teams offensive skill matched its defense; the team leaders were Jap Trimble (17 ppg), Ed Searcy (15 ppg) and Len Elmore (14ppg).

The team this year was composed of 9 juniors and 3 seniors, led by the captain Emil "Pecky" Gilbert. Although "Pecky" was the smallest starter at 5'10", his sharp outside shooting and skillful ball-handling broke open many games for the Panthers. Lenny Rowe, a forward, proved to be the defensive ace of the squad; he proved his great ability in the championship game by holding Kevin Joyce, Molloy's All-American, to 16 points (19 below his average). Len Elmore, Ed Searcy and Jap Trimble controlled the offensive and defensive boards for Power by finishing the season with 15, 15 and 8 rebounds per game respectively. Power's bench composed of Alan Young, Bob Toner, Steve Duthie, Reggie Small, Gerald Lawrence, Joe Vetack and Brian Dalton helped to move Power closer to victory in many tense games.

Good Luck to the seniors Pecky Gilbert, Joe Vetack and Reggie Small in college and to coach Kuhnert and the Panther's of 1969-70.

## Power Memorial "B" varsity 1968-1969

This team grew from a suggestion by the Athletic Director of St. Francis Prep to Br. Sirignano into a full-fledged reality by September of 1968.

Its prime reason for existence was to afford an extra and vital year of experience to juniors who would otherwise sit the varsity A bench. It also was intended to afford seniors who would not otherwise play interscholastic basketball a chance to do so in a Power uniform.

Five seniors were instrumental in the B team's success: Captain Dennis Cook contributed hustle, defense, aggressiveness and leadership; Captain Bill Galbavy's tremendous leaping ability and strength, coupled with a fine jump shot, decided many a close game for Power; Peter Pryor's great speed and defense, Bob Bendik's strength and hustle, and John Keirans' all-around team play enhanced the seniors' contribution to this year's season.

The juniors on the B Varsity were led by the rugged team of Billy Mannix (an AAPS all-star) and Bob Akalski in the back court, this too provided the Power B's with leadership, defense and scoring. Juniors Steve Donohue (MVP of the AAPS Tournament), who led the team scorers with a 16.2 ppg average, and John Conboy (our "portable brick wall") provided rebounding, defense and scoring punch. Our fine juniors were rounded out by hustling, fine-shooting Eldred Richards, fleet-footed, deadly Freddie Aniag, steady Mark Basuino, and rugged Larry Smith; Edwin Santiago missed much of the season due to injuries.

The steady, unselfish character of this team (AAPS Champs) was greatly aided by the encouragement and support of Br. McNamara and Br. Jensen. It was an amazing first year.

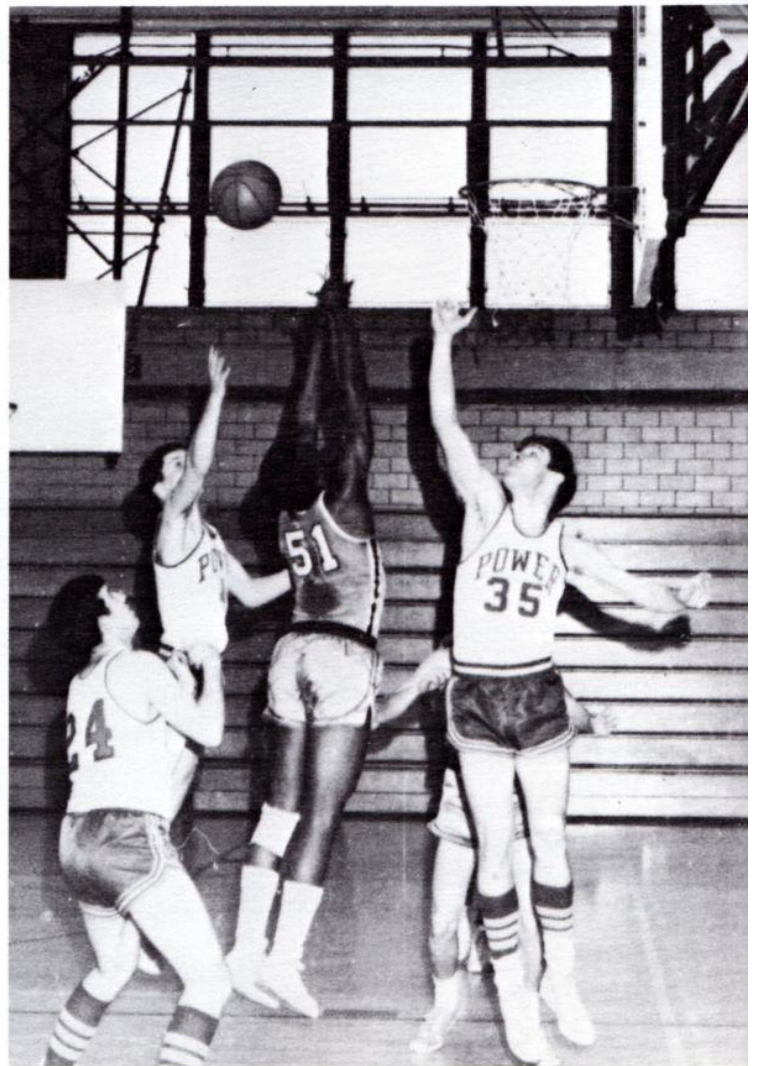

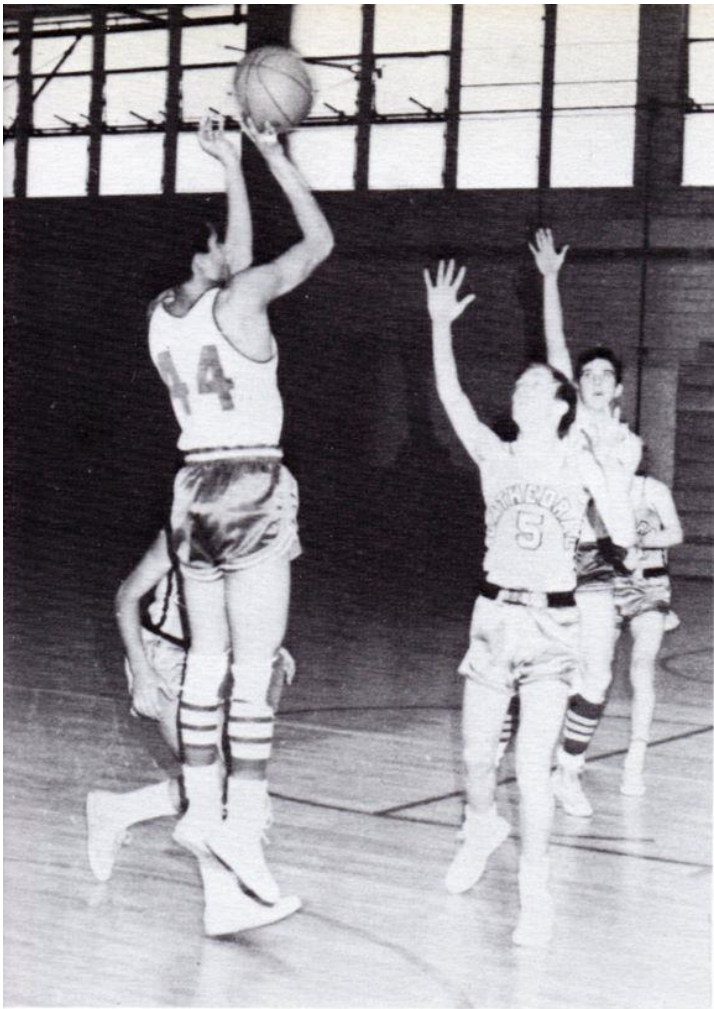

Time out for some instructions from Br. Jensen.

Peter Pryor (4) and John Keirans (24) and John Conboy (35) defend against Brooklyn Cathedral.

## J.V. Basketball

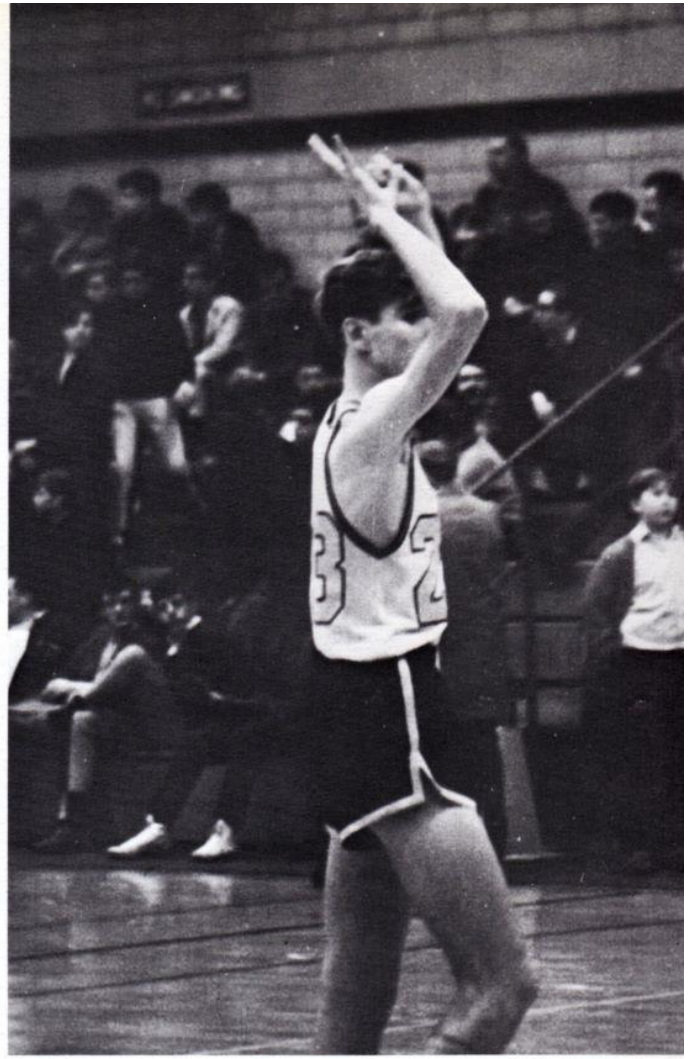

The 1968-9 season of the Power J.V. Basketball team was, although not as successful as the previous season, a productive year. The team itself had improved greatly with captain R. Mulholland and C. Crispino showing much improvement. K. Edge the J.V.'s big center helped greatly with his twenty pts. and fifteen rebounds a game. The fantastic shooting of H. Walther and J. Boyle combined with the control of the boards by K. Edge made a great all round team. The ballhandling of the team by K. Holler and R. Mulholland was good and their ability to set up plays also added to the ability of the team. Early season losses to Rice and Hayes did not stop the team and they won their next ten games until they were beaten by Hayes again. The outstanding players of these games were Edge and Walther each scoring over 18 pts. in that series and especially the fantastic 34 pts. and 32 pts. scored by Edge in games against Molloy and B'klyn Prep. Then a mid-season loss of K. Edge, though hurting, the team went on to take second place in their division and qualified for the play offs. The first play off was against Holy Cross which was an easy win (score 65—47) with H. Walther, J. Boyle and Smokey Santos hitting double figures. The second and last play-off game for Power's J.V. was against Bishop Ford of B'klyn. The J.V. Panthers ended with a 12 win and 6 lost record.

# Frosh Basketball

Big Terry Pusey goes up for a tip-off against Mount Saint Michael.

Power Memorial's Freshman Basketball Team started off with a strike against them. Before the regular season even started, they lost two of their best shooters in John Holland and "Smokey Joe" Santos. Most teams would have given up right there, but inspired by their great coach, Brother Jensen (who kept their confidence up all year), and a tremendous pride in wearing a Power uniform, they just tried harder; and it paid off. They came in second in Division I of the CHSAA freshman basketball league with a respectable 8—3 record and finished the playoffs with an overall record of 14—6, plus third place in the Bronx-Manhattan CHSAA.

The Frosh were led by their center, Kevin Doyle, who was their leading rebounder and scorer. They had two fine-shooting guards in Jim McKenna and Jim Campbell and a great playmaker in Nestor Sabater. Terence Pusey proved to be a great asset in helping Doyle off the boards and was also a fine shooter. Rodney Evans, who broke into the starting lineup late in the year, helped greatly in the playoffs with his fine shooting and rebounding. Added to these was the great clutch play of Jackie Maine, whose defensive job was always the other team's high scorer; he was responsible for many of the team's wins.

Men who gave great moral support on the bench, but who also turned in the job when called upon, were Dennis Neary, Dennis Neidhardt, Kevin Powers, John Phillips, John Deguzman, Gregory Seeley, and Eugene Saunders; Neary, Seeley and Deguzman were good-shooting guards, while Neidhardt and Powers were strong rebounders at the forward position. Saunders and Phillips are both tall, strong centers with plenty of potential and a great future at Power.

Captain, Jimmy McKenna shoots for two against Mount.

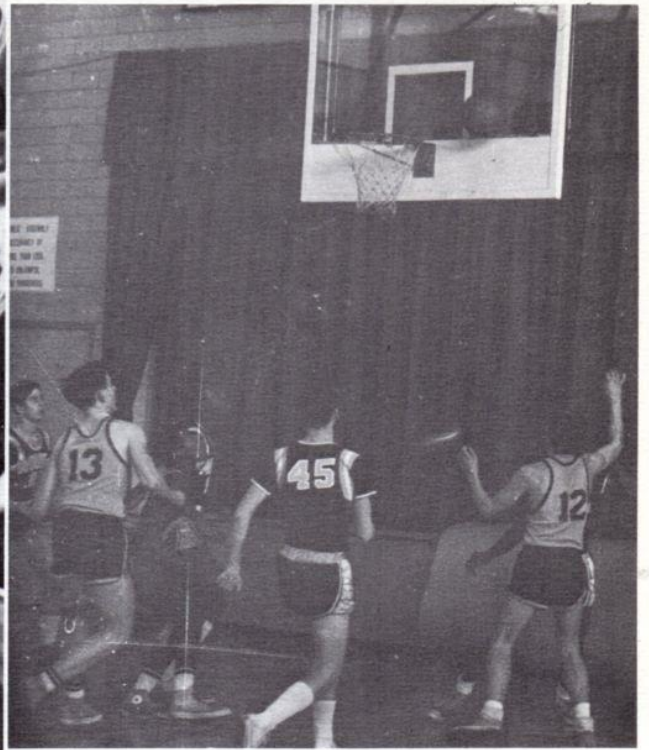

FIRST ROW: D. Neary, J. DeGuzman, J. McKenna, D. Neidhardt, G. Seeley, J. Campbell. SECOND ROW: V. Iorio, K. Powers, E. Saunders, J. Phillips, K. Doyle, J. Maine, M. Sabater, W. Chambers.

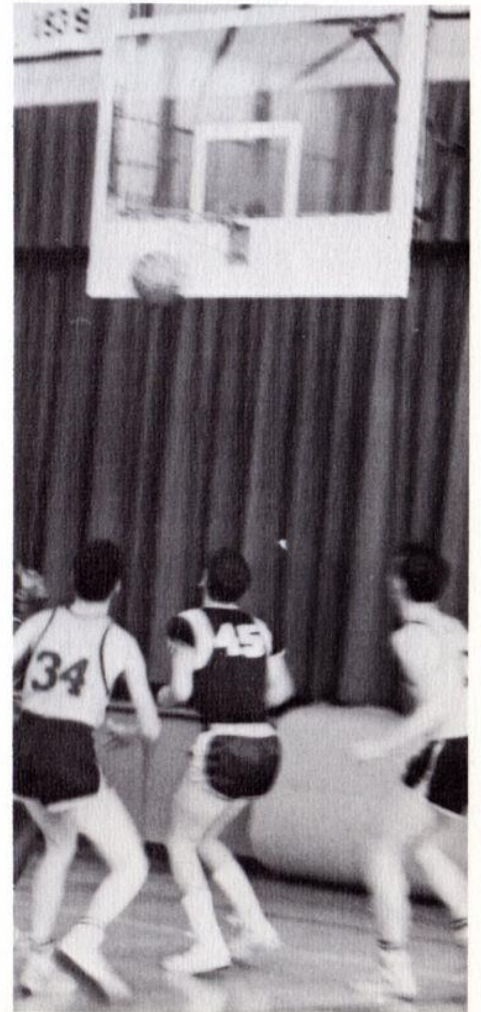

Once more and you get it!

Campbell (12) for two as Doyle (13) follows.

Jackie Maine, defensive ace, and Captain Kevin Doyle.

Pusey for two as Jack Maine (34), Kevin Doyle (13) and Jimmy Cambell (12) cover.

# Varsity Track

Power's John Lovett crossing finish line at the Mayor's Meet. Time for the 600 yd. Dash . . . 1:13.2! John's best half mile indoors was a flashy 1:53.2. His quarter at 50.1 and the 1000 yd. Run at 2:18.0.

Sparked by a nucleus of talented Seniors, the 1968-69 Power Track Team completed one of the most successful Indoor and Outdoor seasons in Power's history. Contributing greatly to the excellent spirit, results and publicity was John Lovett, nationally known for his middle distance prowess. His brother Peter, was a steady scorer in the Two Mile Run as also a necessary component of the Relay Teams.

The Two Mile Relay team made up of the two Lovett's, Andrew Walsh, Anthony Colon with alternate Ray Naudain, won almost every relay in which they ran including a phenomenal indoor 7:53.4 at the Eastern States Indoor Championships.

Power was the only N.Y.C. school to compete in four relays held at Madison Square Garden of which they won three out of the four times.

A well balanced team of sprinters and distance runners, including many promising Sophomores and Juniors, gave the squad an impressive position in City and Statewide competition.

The indoor season terminated with a third place victory in the Catholic League Championships and another Third place in the Mayor's All-City Track Meet which included both New York City Public and Catholic Schools.

Senior Track Members *FRONT ROW*: W. Moss, A. Walsh, T. McGoldrick, J. Joseph, A. Larios, J. Boland. *BACK ROW*: J. Desmond, F. Hanley, J. Lovett, P. McCann, P. Lovett, K. Bulger.

Power's outstanding relay team. Exceptional performances were evident in the four meets at Madison Square Garden, the Eastern States Championships, the Penn Relays and the New York Relays. Left to right: Peter Lovett, Andrew Walsh, Anthony Colon and John Lovett.

Time out for an hour or so of running.

Only the strongest: l. to r. Willie Moss, Ray Naudain, Jim Desmond, Armando Vera and Anthony Colon.

This year Power turned out one of its traditionally fine Cross-Country teams. Sparked by the outstanding performances of Junior Anthony Colon and Senior Andrew Walsh, the Varsity Squad was able to place in the top five schools for most of the meets. Their relentless spirit was shown in the final placing of Fourth Place in the New York City Intersectionals. Sophomores Ray Naudain and Edward Walsh gave evidence of future championship teams.

The Freshman and Junior Varsity teams also brought home their share of victories and show great promise for the future.

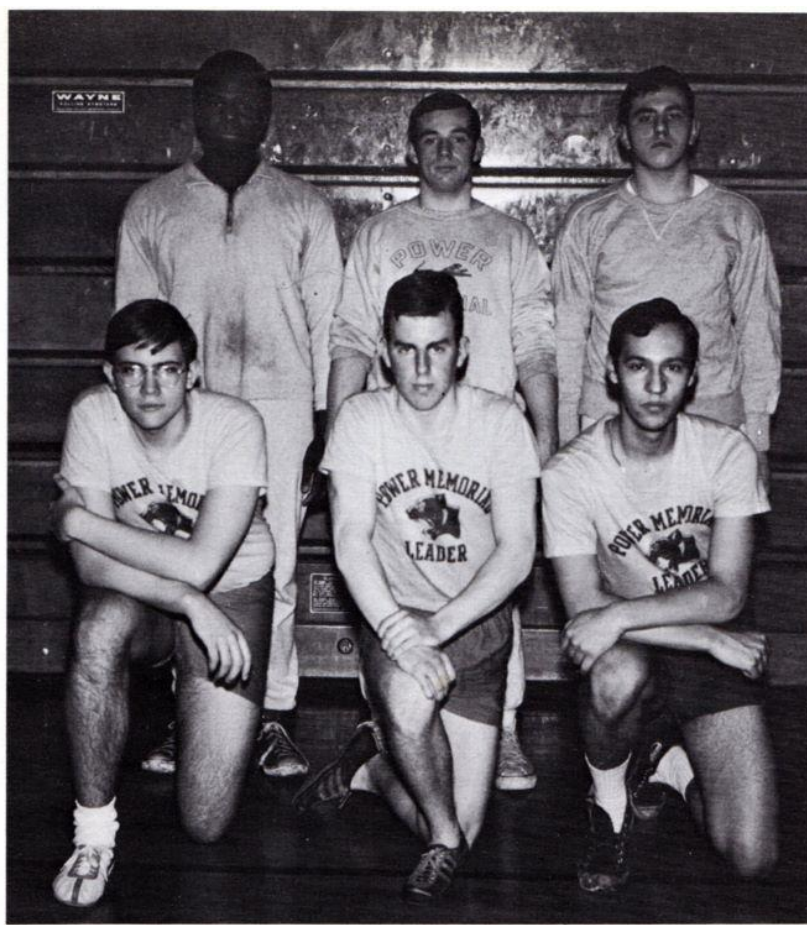

The teams were coached by Br. J. G. Bielen C.F.C. and Br. J. M. Binkley C.F.C.

*EXCEPTIONAL CROSS-COUNTRY PERFORMANCES*

- 1st Place—Varsity "B" Division—Eastern States
- 2nd Place—Varsity—Grout Memorial Run, Schenectady, N.Y.

Powers, R. Slattery, G. Bartlett, L. Bernard, D. Montoute, J. Lynch, P. Wong, W. Vosilla.

Maintaining the winning tradition of all Power competitors, the new Frosh track team has represented the school well and has already proven that it has the leadership and the ability to become a victorious team. Led by their coach, Br. Binkley, the Frosh finished a close second in the C.H.S.A.A. Cross Country Championships and captured first place in the Junior-Midget Sectionals to become City Champions during the past Indoor season.

In addition to the outstanding team accomplishments, there have been some exceptional individual achievements, namely a sixth place finish in the Cross-Country "A" race by Patrick Rafferty, who is considered to be one of the city's finest distance men. Another is a record time sprint of the 50 yard dash by Authur Clark.

Now, with two seasons of experience under their belts, the team approaches the remaining season with confidence and optimism. With this up-coming team, the future of track in Power seems bright with promise.

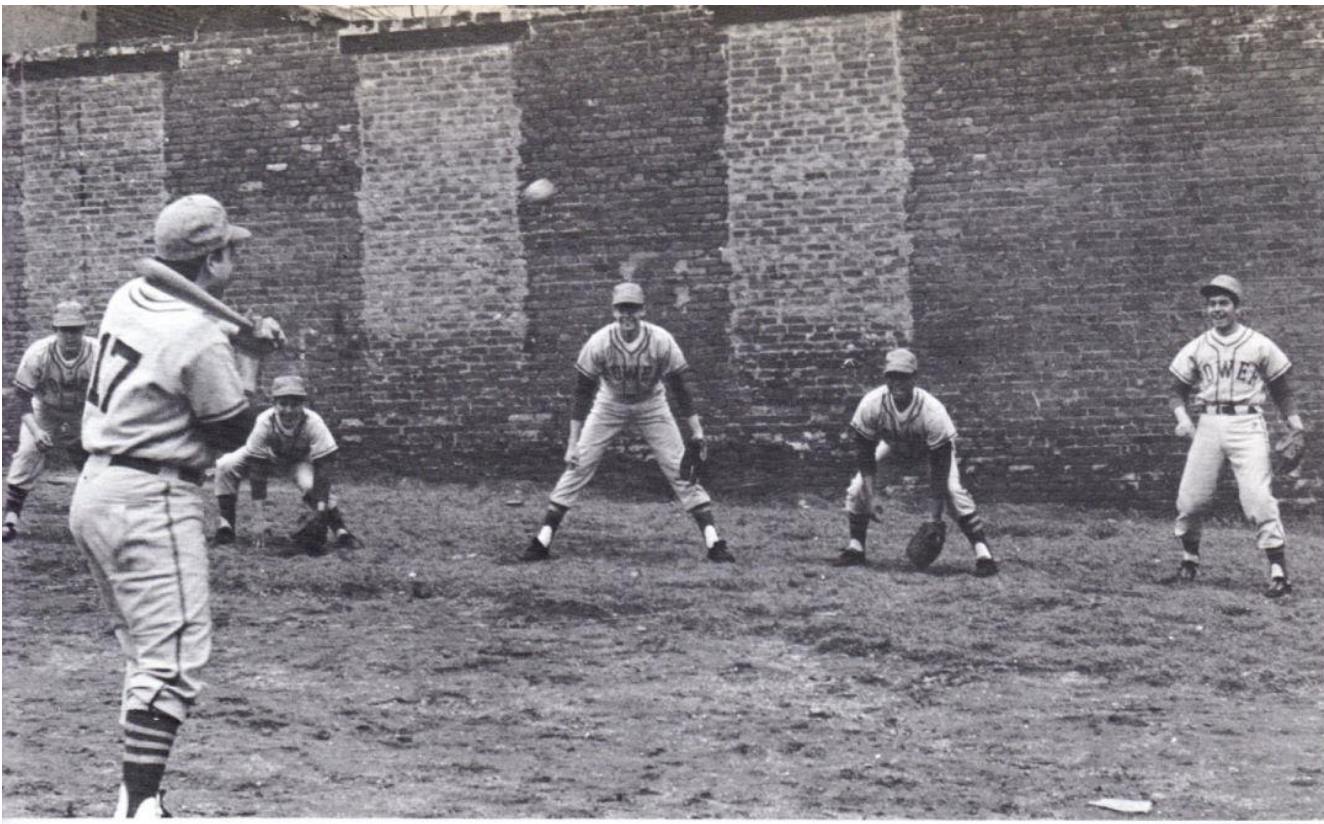

A perfect hand off for these frosh track men.

"I wish I was in this race!"

Last year's team finished in second place in the New York City Division. This year's team has only five boys returning from last years team. With the new fall practice, the J.V. was able to come up with some very good prospects for this years team. With this fine showing in the fall and spring practices, Power's J.V. will be going for the championship this year according to their coaches, Br. Murrey and Br. MacNamara.

The schedule is much stronger this year. Power will be playing Malloy, Holy Cross (2), Reilly, McClancey, Christopher Columbus, Brooklyn Cathedral, James Monroe (2), and Manhattan Prep (2) besides their regularly scheduled games with La Salle, Dubois, and last years champs Cardinal Hayes. Power lost two games to Cardinal Hayes last year by one run each game.

The pitching staff should be very good since Steve Kallas and Joe Lei will be returning after a successful season last year. Two other prospects can be seen in Ted Sclavos and William Ray. Catching will be stronger with the addition of Steve Ramsey. The infielders are all newcomers but should surprise a lot of people. Richie Mulholland and John Boyle will return from last years team to play the outfield. They should get plenty of help from Jim Campell, John Maine and Peter Bourquin. All in all, another City Championship for Power.

Power's first Varsity Gymnastics Team placed third in the New York State Championships. There awaits a great future, as a result of the continued hard work by Frosh, Sophs, and Juniors who make up the majority of the team. Gymnastics has been born at Power.

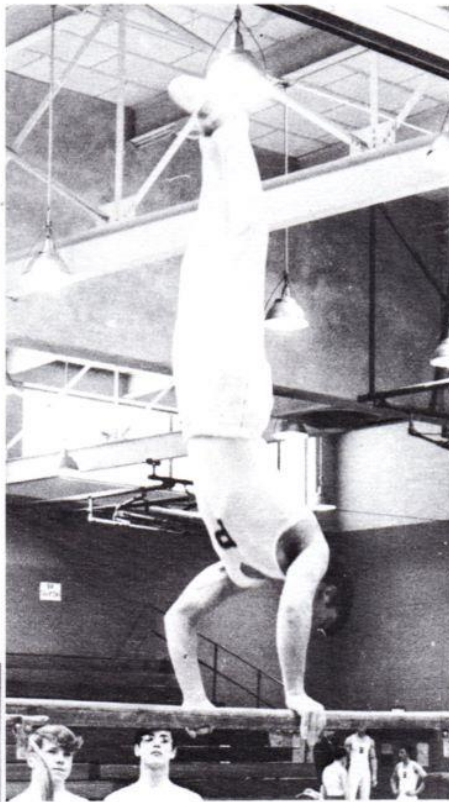

Competition in Gymnastics, like many sports, is very keen. There are not many individuals capable of keeping up with the pace. One must have determination and endurance to be successful; and Power men have both. This team has been in existence for more than a year. From the beginning, there was a handful of individuals who made up the team. They were the foundation which was deeply rooted.

Mr. Anthony DePinto, the team coach, has done his best to lead the team to success. He has given the team a name that we can be proud of. Most of all, he has shown the team and everyone else that "Where there's a will, there's a way."

"Agility and strength are a must . . . also a good coach."

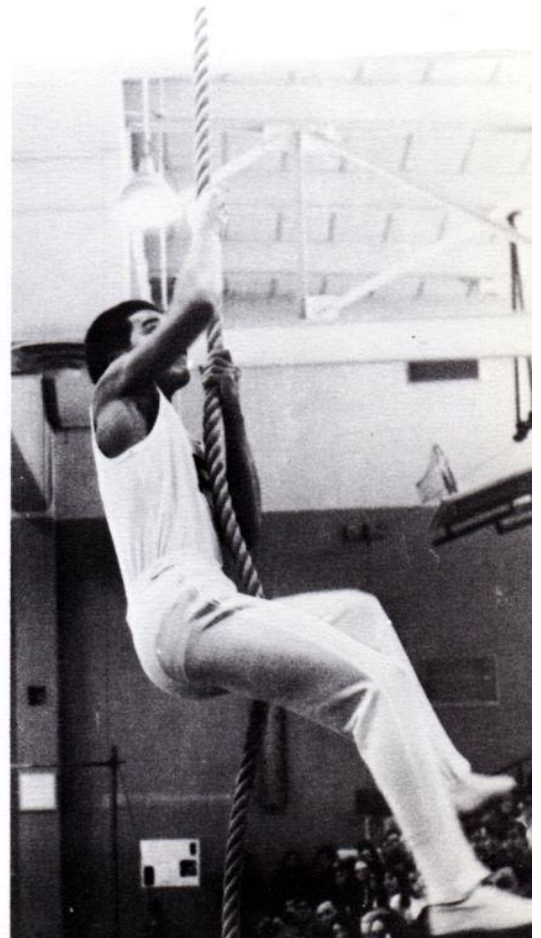

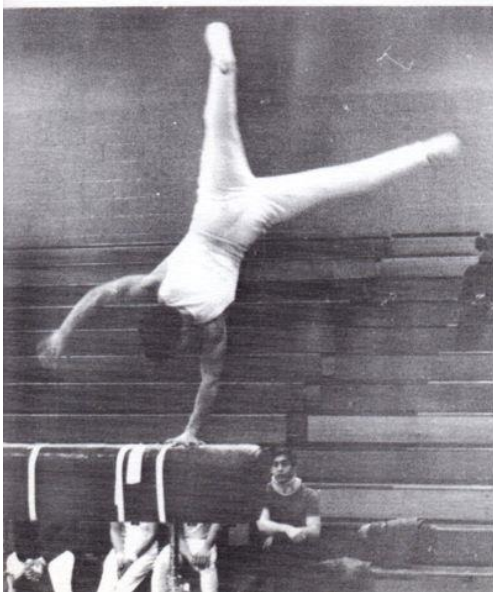

"Coordination and timing being executed by senior gymnast . . ."

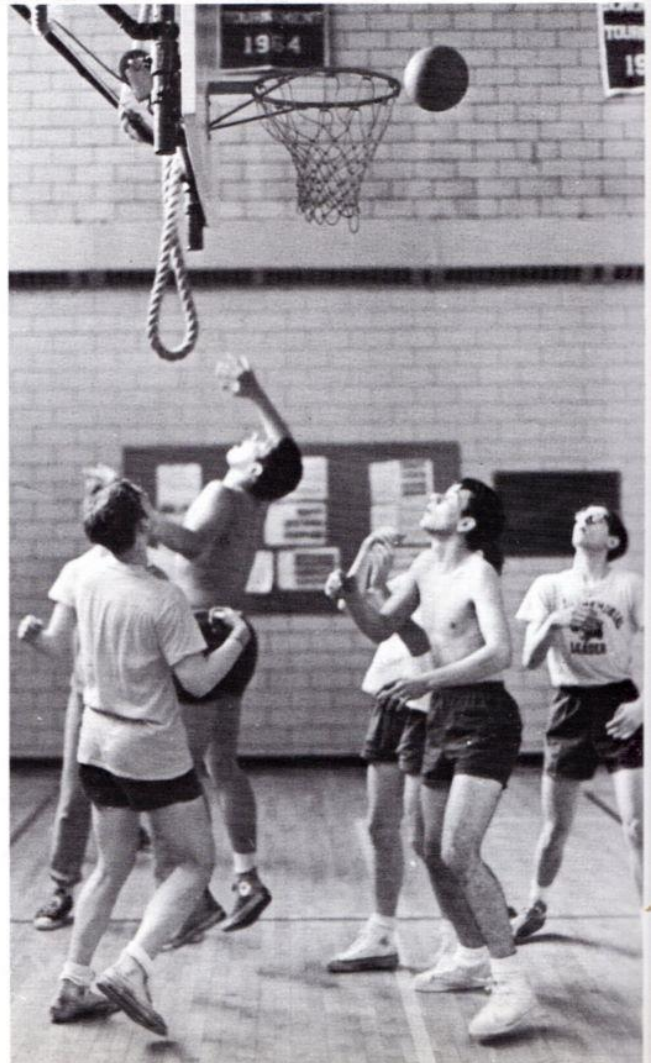

"Perfection at the State Championships."

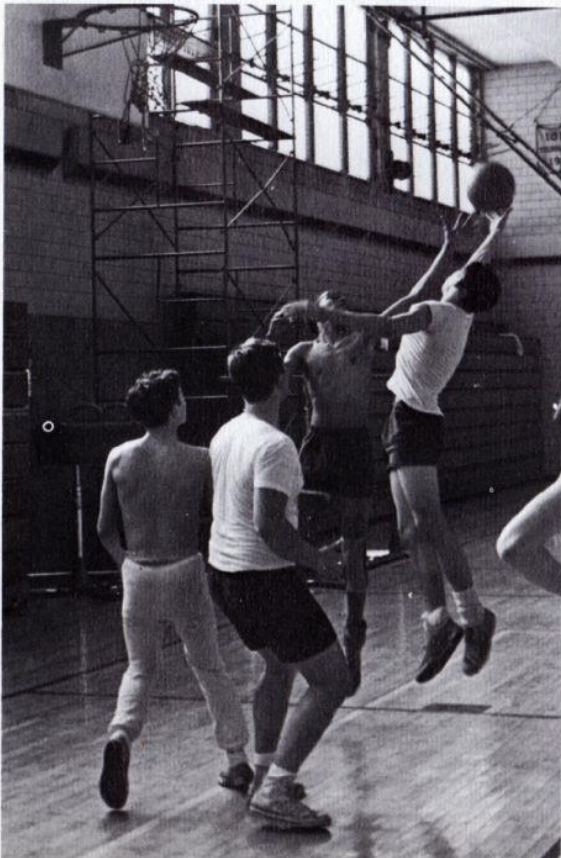

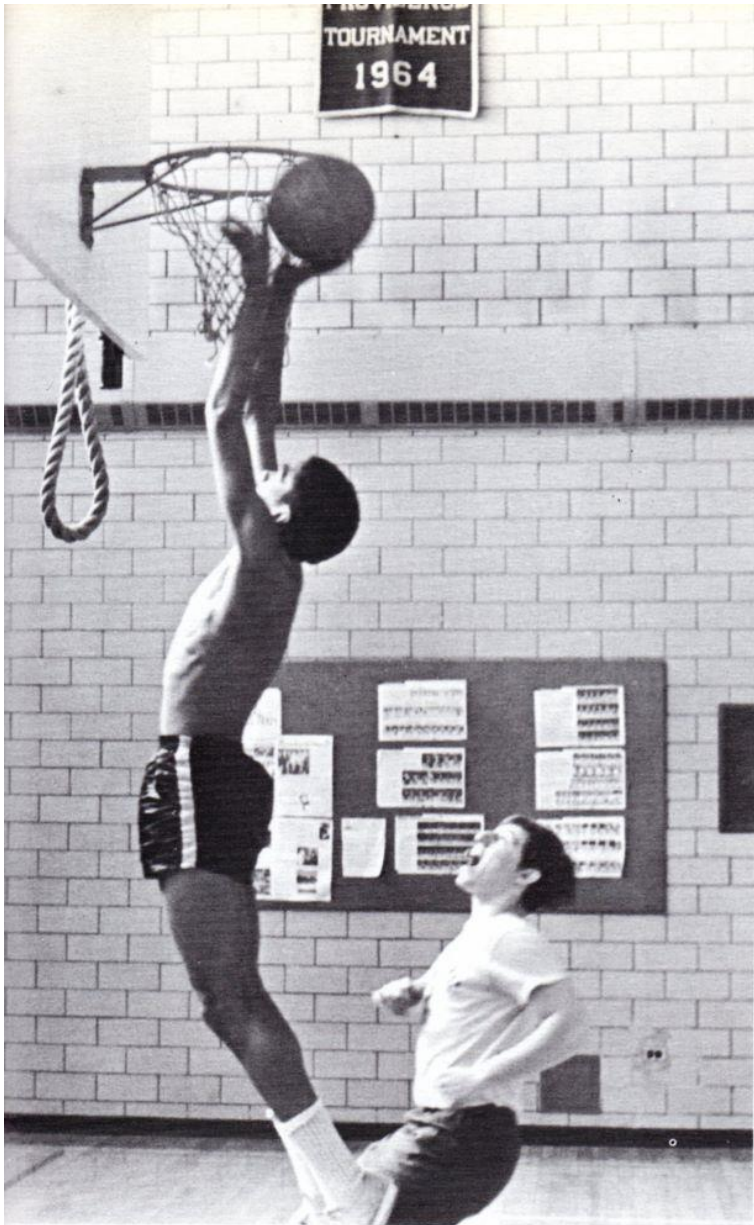

"Among the advanced gymnasts . . . the vaulting cartwheel."

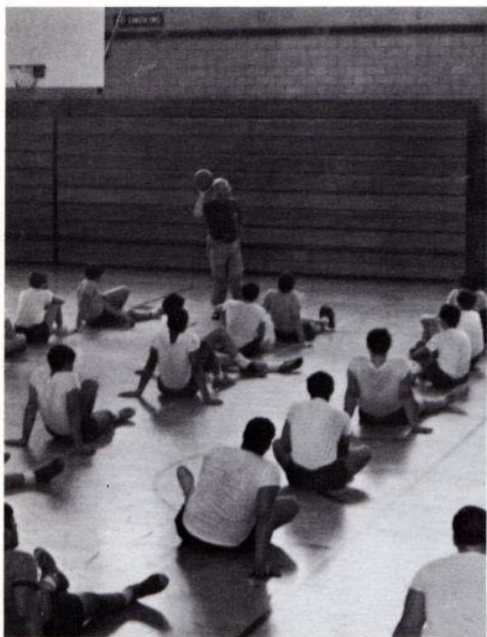

"Doing his own thing . . . to the top."

# "Power Maintenance Crew"

The Power Maintenance Crew better known as the "dirt fighters" is probably the least known of all school activities. Its main purpose is to help with the up keep of the school. Under the capable direction of Brother Brosnan and Brother Sheridan, they maintain the proper sanitary excellence that Power has been accustomed to. Their main duties are the removal of trash, the washing of windows, and waxing of floors in the vast area known as the Academy. These are the hardworking few who are directly responsible for the cleanliness of the school.
